SPARE COPIES

I have the honour to forward herewith a plan and estimate amounting to Rs. 640/- for the erection of a permanent tiled roof at the west end of St. Paul's Church at Mangalore and to ask that you will be so good as to grant sanction for the execution of this work. The purpose of the roof is to protect the western wall of the Church which otherwise is exposed to the violence of the south-west monsoon. At present the only protection that is afforded to this wall is a thatched lean-to roof, and the whole of the west wall gets soaked and damp. The S Divisional Officer reports that a permanent tiled roof such as is shown in the plan is absolutely essential and it is quite time that the temporary thatched lean-to should be replaced by a permanent structure. This matter was sent to Government for sanction in the year 1917 and was deferred only on account of the war Vide G.O.No.3, Ecclesiastical dated January 12. 1918. In the year 1922 the Venerable F. Nuttall, Archdeacon of Madras personally inspected the Church and as a result of his inspection desired to recommend to Government that this work should be proceeded with. I hope therefore that the sanction requested herewith may be granted.

Sir,

Churches - St.Paul's Church, Mangalore - construction of a permanent tiled roof.

I am directed to forward a plan and estimate amounting to Rs.640/- for the construction of a permanent tiled roof in the rear of St.Paul's Church, Mangalore. The purpose of the roof is to protect the western wall of the church which otherwise is exposed to the violence of the South West monsoon. At present the wall is protected by a thatched roof which, it is reported, is not satisfactory. A similar proposal was submitted to this Government by the Ven'ble the Archdeacon in 1917 but it was then decided that the question should be deferred until after the war.

As the proposal will prove economical in the long run H.E. the Governor in Council recommends it for the favourable consideration of the Govt. of India.

(C.No.567) From the Accountant-General, No.F.VI/46.W.C., dated 4th June 1924.

The Archdeacon has forwarded a plan and an estimate for the erection of a permanent tiled roof at the west end of St.Paul's Church, Mangalore. A similar proposal was made in 1917 when it was decided that the work should be deferred until after the war — vide G.O.3 Eccl., dated 12-1-18.

2. The sanction of the Government of India is required for the proposed expenditure - vide page 13 c.f.

3. The extension of St.Andrew's cemetery (Carling Ro 1570) was recently vetoed by the Government of India and one of the grounds for refusal was the "prevailing financial stringency" - page 17 of G.O. No.34 Eccl, dated 7-5-24. But as the proposal in the present case will prove economical in the long run the Government of India may not perhaps object. ~~They may perhaps be addressed~~ to the G of I.
